

Training course „Certified Professional for Lubricant Technology“ in English language in October 2019 and January 2020

Both German associations UNITI and VSI have jointly established a two weeks training course “Certified Professional for Lubricant Technology” in German language in 2013, consisting of 3 seminar days in the 1st and 4 seminar days in the 2nd training week including an additional final examination.

Since January 2013 numerous training courses have already been conducted in Germany and Switzerland and more than 400 professionals qualified for the certificate to demonstrate their acquired lubricants knowledge.

Due to the high demand we have established a new training course „Certified Professional for Lubricant Technology (CPL)“ in English language, held in 2016, 2017, 2018 and is repeated in October 2019 and January 2020. The CPL training course is based on the very successful German training course and consists of the following modules and contents:

- Module 1: Crude Oil and Base Oil
- Module 2: Tribology and Additives for Lubricants
- Module 3: Metalworking Fluids
- Module 4: Automotive Lubricants
- Module 5: Industrial Lubricants
- Module 6: Lubricating Greases / HSE and Chemical Legislation
- Module 7: Repetition / Final examination

The training course “Certified Professional for Lubricant Technology” is aimed at professionals in the lubricant and additive business who are interested in acquiring solid expertise on lubricants.

The seminar provides specialist knowledge on the function and properties of modern lubricants as well as their various applications. The course will be held in English and seminar documents will be available in English as well (translation of the German training material).

Participants who passed the training and final exam for the qualification as “Certified Professional for Lubricant Technology (CPL)” are authorized to use the corresponding logo, for example on their business cards, e-mails and any correspondence. Employers of people qualified as Certified Professional for Lubricant Technology are authorized to point out the acquired additional qualification of their employees.

Further detailed information regarding the CPL training courses, the rules and conditions to obtain the certificate as well as on the speakers/trainers can be found in the attached flyer “CPL Information”.

The UNITI/VSI training course “Certified Professional for Lubricant Technology (CPL)“ is organized and conducted by UNITI-Mineralöltechnologie GmbH in Berlin.

February 2019

Dates of 1st training week: 08 - 10 October 2019

Dates of 2nd training week: 21 – 24 January 2020

Venue: UNITI-Haus, Jägerstraße 6, 10117 Berlin

Schedule/Programme of the first training week:

Tuesday, 08 October 2019

09.00 – 17.00 Module 1: Crude Oil and Base Oil

Wednesday, 09 October 2019

09.00 - 17.00 Module 2: Tribology and Additives for Lubricants

Thursday, 10 October 2019

09.00 - 17.00 Module 3: Metalworking Fluids

Schedule/Programme of the second training week:

Tuesday, 21 January 2020

09.00 -17.00 Module 4: Automotive Lubricants

Wednesday, 22 January 2020

9.00 - 17.00 Module 5: Industrial Lubricants

Thursday, 23 January 2020

9.00 - 17.00 Module 6: Lubricating Greases / HSE, Chemical Legislation

Friday, 24 January 2020

9.00 - 13.00 Module 7: Repetition / Final examination
